PSEUDO-CODE EXTENSION 2

MAIL SORTING VERSION | SELECTION| SWITCHFULLY

Switchfully

#1

In order to reduce the amount of emails sent to `reception@parkshark.com`, a job student is hired. He/she will read the emails sent to `jobstudent@parkshark.com`. Make sure emails are sent alternately to `reception@parkshark.com` and `jobstudent@parkshark.com`.

#2

Emails received by `info@parkshark.com` after the start of the program, but before its completion, should be sorted as well. The program can only stop sorting if `info@parkshark.com` has no (more) emails
